- Advocate for continuing review and modernization of our Governance Structure.
- Work to help achieve a new Master Agreement with Government that will be equitable for all physicians in the Province.
- Work with Medical Staff representatives in District One to promote improved collegiality and a vibrant medical community.

- Strive to promote increased participation of our younger colleagues in medical staff and BCMA affairs.
- Promote physicians health in the community.

I would be honored to serve as your delegate for a further term.
