

Alex She- Campaign Email Statement

I am a family physician practicing in downtown eastside for the past 12 years and I am running for the Delegate position. I have served as the Vice-Delegate in District 3 since 2007. I believe I will be able to take on an active and integral role as a Delegate, serving as a bridge between the Board and the membership.

Having served as the Vice-Delegate in District 3 for the past 5 years, I have had experiences participating in Board Meetings and have gathered a good understanding of how the BCMA and the Board functions. If elected as Delegate, I am confident that I will be able to represent the membership in a manner that ensure relevant issues are addressed, discussed and reported back to the membership.

I am active in the community as the president of the Chinese Community Health Society, a charitable organization that has been conducting diabetic education classes for the community since 2001. The society also holds interactive health forums that are free to the public, as well as an annual free health forum that include speakers from family medicine and other specialty areas as well. I am also active as a family physician speaker locally.

I have also been a GP Champion for the BCMA Practice Support Program in facilitating the chronic disease management modules. I feel that interaction with peers is one of my strengths.

I sincerely hope that you will consider voting for me as one of your Delegates for District 3, I am always open to suggestions, discussion and feedback. I look forward to serving as your Delegate and representing the membership in District 3.

Sincerely,
Alex She
